PROJECT

\$106 MILLION

ECM International was engaged by Hays County to perform Bond Planning, Master Planning, and Program Management services. ECM is delivering the full scope of Management services from identification of the need through move-in, certificate of occupancy, and warranty period.

The Program includes a state-of-the-art Public Safety Facility that incorporates the Hays County Law Enforcement Center, Emergency Communications and Emergency Operations Centers. The 70,000 SF facility includes extensive site work to mitigate flooding, utility and roadway extensions, and appropriate setbacks and site design to meet anti-terrorism standards.

In addition to the Public Safety Facility, the bond program also includes a major expansion to the 302-bed existing jail adding 100,000 SF and 192 new beds with support services for youthful offenders, medical facilities, mental health, segregation, kitchen/laundry, booking/intake areas, transport, etc. There are also critical renovations to the existing jail and new construction of a training facility and a Fleet/ Maintenance and Warehouse.
