

FM 3541 PAVEMENT REHABILITATION TEXAS DEPARTMENT OF TRANSPORTATION

CLIENT

TXDOT

LOCATION

CULBERSON COUNTY, TEXAS

ROLE

CEI DESIGN-BID-BUILD PARTNER

PROJECT

\$12.3 MILLION

ECM International is partnered with Raba Kistner, Inc. on the 6-mile-long FM3541 Roadway Rehabilitation project in Culberson County.

This project was designed to accommodate and sustain the increased volume of heavy load traffic resulting from the oil industry in the West Texas Region. Challenges included the vast rolling terrain, single lane, 2-way traffic operation, and high volume of heavy and oversized vehicles.

ECM partner responsibilities include everything from onsite laboratory services to Project Management. Services include daily work observations, record keeping, traffic control, SWPPP compliance, material testing, and QA/QC.
